Known Threats in the CJOA

Mission Statement

CJTF-HOA conducts operations and training within the Combined Joint Operations Area (CJOA) **to assist Host Nations to combat terrorism** in order to establish a secure environment and enable regional stability.

Combined Joint Task Force – Horn of Africa

Accomplishing Our Mission In The Horn Of Africa

- We are not a “Direct Action” force
- We do not seek to engage enemy forces in combat
- We do seek out those in need
- Our primary “maneuver elements” are doctors, veterinarians, civil engineers and well-drillers
- Military to military (mil-to-mil) training is conducted to improve Host Nation counter-terrorism and border security capabilities

Concept Of Operations

- **CJTF-HOA employs its forces throughout the operations area in a multifaceted manner to:**
 - Build Host Nation capacity to combat terrorism
 - Improve the underlying conditions to prevent terrorist exploitation
- **The operation is characterized by:**
 - Centralized planning/ Decentralized execution
 - Several missions being pursued simultaneously
 - A “generational” perspective
